

PRACTICAL LEARNING - SUPPORTIVE SPACE
COMMUNITY OF PRACTICE - CLINICAL RESOURCES & TOOLS

The Atlantic Mentorship Network - Pain & Addiction (AMN-P&A) is designed to provide an ongoing clinical resource for health care professionals in developing core knowledge, skills, and confidence to deliver high-quality, compassionate care in the community to individuals with chronic pain and/or addiction.

BENEFITS OF A MENTORSHIP PROGRAM

- **Acquire additional skills, knowledge, and abilities**
- **Strengthen confidence**
- **Become a more effective team member**
- **Connect with colleagues to share expertise**
- **Develops trusting, confidential, and mutually beneficial relationships**

IMPACT OF AMN-P&A ON PROVIDERS AND THEIR PRACTICE

- **94% reported improvement in their confidence to manage more complex clinical conditions**
- **92% reported improvement in the knowledge, clinical skills and confidence**
- **80% reported increase in compassion and empathy toward patients experiencing pain or addiction**

OUR SUPPORTS

ONE-ON-ONE MENTORING

Mentors provide one-to-one clinical, as well as core knowledge and skill development support to Mentees.

SMALL GROUP MENTORING

Regional groups connect in-person or virtually to increase core knowledge and skill through case discussions and/or topic-specific presentations.

LARGE GROUP MENTORING

Members share knowledge and experience of peers in focused learning opportunities such as monthly virtual webinars, workshops, and online forums.

CONTINUED PROFESSIONAL DEVELOPMENT OFFERINGS

Health care professionals connect and build capacity through multi-modal learning opportunities such as conferences and courses.

Are the membership activities accredited?

Mainpro+ credits will be awarded to physicians who engage in AMN activities.

What is the cost?

There is no cost to Mentees to join the AMN. There may be a modest fee to attend conferences and courses.
